## BRONZE SPONSORS

### DRC, Inc.

DRC is a rapidly growing backhaul resource company that represents private fleets to the freight community. DRC optimizes private fleet networks by negotiating repetitive backhauling relationships to fill their empty freight lanes. DRC couples the private fleet and shipper to develop long-term backhauling relationships beyond a single shipping event. The private fleet is thus able to integrate backhaul freight, and its attendant revenue, into an overall fleet plan to drive down operating costs.

### EBE Technologies

EBE is the leading provider of Transportation-Specific Content and Process Management Applications, integrating with our clients' legacy systems to extend the value of EBE's solution portfolio. SHIPS Driver Recruitment and Retention mobile-enabled applications help carriers manage the entire driver lifecycle. From qualifying, onboarding, and training to managing safety, compliance, and driver performance, SHIPS will position your company to improve the quality of hires, increase driver satisfaction, and reduce driver turnover.

### Fleetworthy Solutions

Fleetworthy Solutions Inc. provides compliance augmentation services to carrier fleets that take them "Beyond Compliant". We combine exceptional customer service, advanced technologies, and more than 30 years of transportation industry expertise to make sure that drivers and assets are "fleet worthy". Our proprietary Intelligent Compliance Platform helps commercial motor carriers surpass compliance of federal, state, and local regulations and streamline processes to reduce costs and mitigate risks.

### Netradyne

The Netradyne Driveri® vision-based driver recognition fleet safety program leverages Artificial Intelligence to improve driver performance and positively recognize great driving. By capturing every moment of the driving experience rather than a small sample of triggered data, Driveri protects your drivers and brand while engaging and rewarding drivers.

### Subrogation Division, Inc.

Loss of Use, do you recover it? Not surprisingly, the answer to this question usually goes like this, "we try, but not as much as we should be". Sometimes it takes an expert to maximize results. Our management team has overseen the recovery of more than \$50,000,000 of loss of use. That is why our clients call us the "loss of use experts". This allows us to have single digit contingency fee rates for the recovery of your physical damages.

### Walmart Transportation LLC

Walmart Transportation supports Walmart Stores, Sam's Club and Walmart.com. The Walmart Private Fleet includes over 6,400 tractors, 55,000 trailers and over 8,200 professional drivers. Last year, Walmart drivers traveled more than 700 million miles while being recognized as one of the safest large fleets in the industry.

### Yeti, Inc.

Yeti manufactures and distributes the Yeti snow removal system: the only system to take ice and snow off trailers without any labor involved.
